'Letter from Leung Yin Ling'

Dear Friends, Thank you so very much for your kindness in sending me the nice Christmas presents. I was so happy to see the necklace which I have been dreaming of. I will keep it until the Chinese New Year, which will be very soon. It is the happiest season for us children, for we can have lots of food to eat and a lot of games to play. One of our traditions in the New Year is to put on something new and beautiful. So I will put on this nice necklace and show it to my friends. I am really proud of you. Christmas is now over, I hope you enjoyed it like I did. Project Concern has held a big party for us and 6,000 children took part in it. We did have a very wonderful time. My best wishes for a happy new year to you all. With much love.
